Slingo Money Train	N/A	Other	HTML5-Desktop; HTML5-Mobile	The aim of Slingo Money Train is to complete Slingos (win lines) by matching the numbers on the reel to the numbers in the grid above. Each Slingo completed awards a prize as defined by a payable. Players have 10 spins to complete Slingos and can then purchase up to 40 extra spins for an additional cost that is determined by the potential wins available. Prizes are awarded for reaching the 3rd rung of the prize ladder or above, either as a cash prize, a multiplier award from a Bonus Wheel or by playing the feature game. Slingo Money Train uses a 5x5 grid, with 12 possible Slingos (lines). Like most other Slingo games, there is a reel beneath the grid.

Comments	A number of requirements within the Section 5. Testing Requirement Results below that have been assessed as compliant at supplier level, may in fact be managed or controlled at operator level dependent on the custom solution that has been supplied to the operator. An indication of the custom solution provided to the operator should be available in documentation provided by the supplier to the operator. Careful consideration must be given to the solution provided to the operator and undue reliance should not be placed on the compliance assessment of certain requirements if
