## SLINGO LUCKY JOKER

### YOU'LL BE GREEN-ING FROM EAR TO EAR

You make your way around the feature trail, where there are five cash awards to grab along the way. And if you land on one of them, it's added to your total win metre. The dice rolls with each spin, and the Lucky Joker moves that same number of steps on the trail. There are two ways to land Bonus Wheels, which come in three tiers, each offering more valuable prizes than the previous one. Once the Slingo game is over, you'll be invited to the feature slot game. The luck of the Irish never stops in Slingo Lucky Joker.

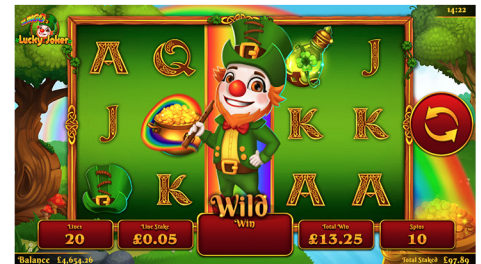

#### KEEP CALM AND LEPRECHAUN

Roll the dice, and our little green friend will show you around the trail, where good fortune and cash prizes await you at every turn.

#### SHAKE YOUR SHAMROCKS ON THE BONUS WHEEL

After 6 Slingos, you'll get a chance to trigger the lucrative Bonus Wheel at every step on the pay ladder. Or trigger the wheel by hitting on 3 wheel symbols. Each wheel is more valuable than the last.

#### IRISH YOU LUCK LANDING EXTRA SPINS

Extra slot spins are up for grabs as you make your way up the pay ladder. You may even earn spins on the Bonus Wheel. Collect four Slingos to activate the slot game.
