

SLINGO MONEY TRAIN

ALL ABOARD THE MONEY TRAIN

Yee-haw! Load up your six-shooter, grab your silver spurs, and saddle right on up. We've teamed up with Relax Gaming for this Slingo-spinning take on the Money Train. You're transported right into the heart of the action, where the Money Train awaits you in the middle of the game's steampunk Wild West setting. There's plenty going on too, as Slingo Money Train is a game with the original Money Train 2 bonus feature and multiple modifier symbols. The maximum win is a huge, rip-roaring 10,000x that you can take to the bank.

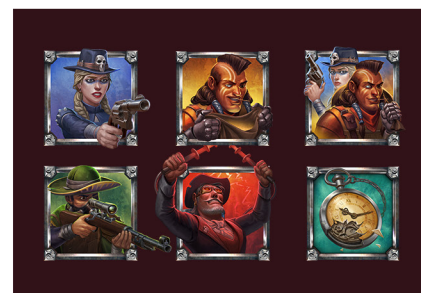

A WILD BONUS, WITH THREE STEAMING HOT LEVELS

Trigger the bonus game either from the Slingo Ladder or a Bonus Wheel. The Gold Bonus is worth 100% of your stake.

BIG BONUS WHEELS KEEP ON TURNING

Complete 4-8 Slingos and you win a Bonus Wheel, which can grant you a one-way ticket for the Money Train. Play up to 1x your current stake, and with a max multiplier of x50.

WILD WEST SYMBOLS WITH STEAMPUNK UPGRADE

Six special symbols can pop up in the bonus feature. Yes, they may appear menacing, and two may literally point a gun to your head. But then they're also kind enough to multiply your stake!
